

Royal Montrose Mercantile

LEVEL 2 Bar and Restaurant update

As of today, Monday 17th May, we have moved into the Coronavirus protection level 2.

In Level 2 the Clubhouse bar will be open from 11am until 10.30 pm and catering will be available from 9:30am to 7pm (last orders 15 minutes before closing time). Earlier catering services may be available on request please contact kitchen@rmmgc.co.uk.

Within the bar and restaurant, groups will be restricted to 3 households per table (maximum 6 people). Alcohol may be served indoors; all services will be table service only.

All outdoor hospitality may continue where groups of Over 18s may consist of up to 8 people from 8 households.

Members guests and all visitors must complete the Visitor's books on the bar or in the dining area as this is part of our legal requirements for track and trace.

Please also remember:

Do not enter if you have signs of a fever, a high temperature or a persistent cough or if you have had contact with any possible source of the virus.

Track and trace still apply to all members - please swipe your membership card to gain access at front door when entering.

Please use hand sanitisers at entry doors.

1 metre social distancing applies when in club, mask to be worn when not seated and follow physical distancing guidelines throughout the clubhouse.

Please follow the one-way system that is in operation, entering through the front door.

We expect all members to comply with safety guidelines as outlined by Scottish Government.
