### Club Flag

Now that the lockdown restrictions have been relaxed and we are back playing golf, we have raised the new club flag to mark the start of the delayed golf season. The photo shows Rob Carnegie (Captain) and Graham Robb (Vice Captain) about to raise the club flag on beautiful summers day!!

We are currently working on merchandise incorporating the club logo, and merchandise will be available to purchase sometime after we come out of lockdown.

### Garden

The Board would like to take this opportunity to thank our member, James Carnie, who has donated a vast number of plants to the club, which will allow us to add some colour within our borders and planters. Here is a photo of James which was taken when plants were collected from him last week.

In addition we would also like to thank another member, John Tasker, for taking the lead in organising a group of willing volunteers, namely Gordon Coull, Donald Sutherland, Ian Craik and Jim Stewart who have agreed to assist with keeping the gardens tidy through grass cutting, border maintenance and planting the plants provided by James.

### Media Convener

With your new club looking to the future and club information requiring to be sent out to members and other golfing establishments effectively using various media platforms, the Board feels we should have a Media Convener to work with the Board to promote club activities.

If you are a passionate about the Club, enthusiastic about its future and feel you have the correct skills to take on this role of a Media Convener, please contact us to discuss the role further.

The main duties of role would be to run and maintain a communication plan via email, social media etc. which will include advertising golf and social events. If you or a group of your colleagues would be interested in volunteering to help your club in this important role, please contact the captain at:
