

Royal Montrose Mercantile

HDID Scorecards

Good evening,

Due to various questions, please see below, I hope this helps.

Tips for the HDID and PSI terminal

This relates to a competition round and a casual round. Not for MATCHPLAY

When you sign on with HDID, you will be asked to put a markers name in, and it is their scores you enter, along with your own. You do not need to put your card into the box.

You must be within 1 mile of the course when entering scores, if not, it will not accept, and you may be disqualified.

If you are playing with a non club member, or do not use the HDID app, then sign on using the PSI terminal, and after your game, input your score, and put your score card into the box below the terminal. Again, failure to do this will result in disqualification.

Regards
